SAILORS OF BLACK SEA FLEET MUTINY

Have Joined Workmen in Sevastopol in Uprising.

PAPERS ATTACK GOVERNMENT

Clamor for the Removal from Office of the Men Who Have Been Instrumental in Causing So Much Bloodshed and Trouble n Russia.

Sevastopol, Nov. 27.—The sailors of this port and the Black sea squadron have mutinied and joined the workmen who are holding a meeting under the red flag. The city is in a state of panic

St. Petersburg, Nov. 27.—The radical papers are pursuing the same plan that they did in the case of General Trepoff, the former assistant minister of the interior and have now opened a regular campaign against M. Durnovo, minister of the interior, being the enemy of the constitution and the supporter of reaction.

They also join in a general demand for the immediate trial of the governors and other officials thus far removed, making a special point against M. Neidhardt, the former prefect of Odessa, who is called the "Russian Nero," and although removed from the prefecture, remains in the ministry of the interior.

All the military satraps must be brought to justice, is the cry of the radical papers.

The new appointments, Baron Von Nolken and M. Rheinbot, to be acting governors respectively of Tomsk and Kazan, are likely to draw their broadsides, Nolkin being deposed chief of police of Warsaw, still limping from the effects of the explosion of a bomb thrown at him, Rheinbot being the former governor of the province of Nyland, Finland, who threw the capital into a fever of excitement some time ago by sending a dispatch announcing that a St. Bartholomew night was to take place at Helsingfors, the chief town of Nyland, for which he was removed from Finland.

That approval of these appointments is charged o M. Durnov, minister of the interior, and not to Premier Witte. The fact is that under the present conditions the government is embarrassed by the scarcity of material to fill responsible posts and it is largely a choice between men practically all of whom have done something to arouse popular resentment. A popular address is being prepared tendering thanks of the country to Count Witte, for his services at Portsmouth and for his present endeavors to pacify and regenerate Russia.

Correspondence Intercepted.

New York, Nov. 27.—A cable dispatch to the Herald from Berlin says the Berlinger Tageblatt reports that the St. Petersburg police have intercepted correspondence between members of the revolutionary party and its agents abroad at which a project was discussed for the murder of the members of the imperial household. The letters were ciphered, but neither the writers or the addressee has been identified, as they are unknown.

Alabama Bank Closes Doors.

Washington, Nov. 27.—The comptroller of currency was advised today that the First National bank of Linden, Ala., has been closed by order of the board of directors. National Bank Examiner S. H. L. Cooper has been appointed receiver. The statement of the resources and liabilities of the bank at the close of business on November 9, 1905, as shown by the last report of condition made to the comptroller, showed liabilities to be $75,102; resources the same amount.

New Superintendent for Southern.

Nashville, Nov. 25.—It was announced here last night that W. H. Catcher, of Washington, had been appointed superintendent of the Nashville division of the Southern railroad, and authorized to complete his corps of officials at once. Mr. Catcher has for some time been special inspector of stations on the Southern, with headquarters in Washington.

TREATY OBTAINED BY FORCE.

Strong Accusations Made Against Japanese Regarding Korea.

St. Petersburg, Nov. 27—The official Russian news agency has received a dispatch from Shanghai giving a sensational account of the manner in which the Japanese forced the Korean government to acquiesce to the treaty between Korea and Japan. The telegraph purports to be based on direct news from Seoul and contains the following particulars:

On Friday (Nov. 17) at noon Baron Hayashi and M. Harvara and Kokobu entered the palace with the object of forcing the emperor to sign the treaty. The emperor and the ministers obstinately resisted. At 8 o'clock in the evening Baron Hayashi having informed the Marquis Ito of the situation, the latter, accompanied by General Hasegawa, commander of the Japanese troops in Korea, with a military escort, including gendarmes, came to the palace but till midnight had not succeeded in persuading the emperor to sign. Thereupon Secretary Stevens brought from the ministry of foreign affairs the official seal of the ministry which was obtained by force and at 10:30 o'clock in the morning the Japanese themselves placed the seal on the treaty, the emperor to the end refusing to give his signature."

The dispatch concludes:

"The entire palace, even the private apartments of the emperor are now occupied by Japanese gendarmerie, and it is probable that the Japanese will soon compel the emperor to sign."

TO ARM JEWS IN RUSSIA.

American Hebrews Are Collecting Money for This Purpose.

New York, Nov. 27.—Jacob H. Schiff yesterday sent his check for $100 to the Jewish defense association, an East Side organization which is collecting money to arm the Jews in Russia. This movement has heretofore been opposed by their uptown co-religionists, says the Tribune, but the East Siders believe that Mr. Schieff's contributions will be followed by others from those who have thus far confined themselves only with the succor of the massacre victoms.

Another proof of the extent of the disorders existing in Russia was received yesterday in a cable dispatch from Sir Samuel Montague, in London to Jacob M. Scaiff. The message shows under what difficulties the work the relief for the Jews is carried on. The dispatch i sas follows:

"Cannot obtain answer by telegraph nor mail to telegrams or letters. Roths. caild and self telegraphing again through British diplomatic channels."

The general relief fund reached nearly $800,000 yesterday. There was reported the further contribution of $63,570. The total of the money received by the national committee is $798,064.

STOLE ROOSEVELT'S CHINA.

Bargemen in Berlin, Germany, Put Stones in China Chest.

New York, Nov. 27.—A cable dispatch to the Herald from Berlin says the police of Hamburg have discovered that thieves have taken a splendid consignment of Dresden China which was to have been sent to President Roosevelt. The robbery was perpetrated recently while the china was being conveyed in a barge from Meissen to Hamburg, stones being substituted in the chests for the china.

The police in searching in the domiciles of several bargemen found some of the plates which were a part of the consignment. Those were decorated with the pictures of the King of England and Miss Roosevelt and a dedication, the inscription from the King of Saxony.

The culprit has confessed his guilt. Other parts of the consignment have been found in various places along the Elbe. There is hope that the whole matter may be uncovered.

American Receives France's Money.

Caracas, Nov. 27.—In view of the fact that no representative of the French government called on the Venezuelan government Nov. 14 for the second installment of the Piomley arbitration award, that being the date the money was due, the Venezuelan government asked the American minister, Mr Russell, to receive the installment and yesterday the money was delivered to the American minister.

WOMAN IS KILLED IN AUTO ACCIDENT

Several Other Occupants of Car Severely Injured.

MACHINE WAS TRAVELING FAST

The Accident Was Caused by the Breaking of the Steering Gear, and the Chauffeur Could Not Control the Machine—Woman Pinned Under Car.

New York, Nov. 27.—Mrs. Francis Burton Harrison, wife of the candidate for lieutenant governor of New York at the last election, was almost instantly killed in an automobile accident today on Long Island.

Mrs. L. D. Scott, of San Francisco, who was with Mrs. Harrison, received internal injuries.

Mrs. Harrison was formerly Miss May Crocker.

Mr. E. T. Pott, of San Francisco, and a chauffeur were also injured. Mrs. Scott is suffering from a fractured rib.

Mrs. Harrison was the daugater of Charles F. Crocker, of San Francisco. The accident was due to a break in the steering gear while the automobile was traveling at a high speed.

The chauffeur could not control the machine, which, after zig-zagging from side to side, made a sharp turn which upset it on the pavement.

Mrs. Harrison was pinned under the heavy car, while the other members of the party were thrown clear of the machine.

Mrs. Harrison lived until taken from under the machine and carried to a hospital.

RELIGIOUS SERVICES IN THEATER

Evangelists in Paterson, N. J., Took Charge of Opera House.

Paterson, N. J., Nov. 27.—Three thousand evangelists led by Rev. J. Wilbur Chapman and accompanied by a brass band, paraded from Market street Methodist Episcopal church to the Bijou theater last night, concluding the demonstration with a midnight service a the Burlesque play house. It was the climax to the first week of evangelistic work in this city and was by far the most remarkable demonstration yet held.

Fully as many women as men took part in the parade. The paraders as they marched through the streets sang "Oh, That Will Be Glory."

The Bijou was too small to hold half of the throng that fought for admission and a big squad of police was kept busy. A burlesque show had just been concluded when the evangelists arrived and took possession of the stage. The burlesque girls were invited to take seats in the boxes. They did so, and joined in the singing of hymns.

Dr. Chapman led the services, urging upon his hearers the necessity of resisting the temptations of sin. Dr. Chapman says that the success of the Evangelistic movement thus far had greatly exceeded his most sanguine expectations. The whole city, he said, seemed to have joined in the movement.

Georgia's Commissioner Honored.

Richmond, Va., Nov. 27.—T. G. Hudson, commissioner of agriculture of Georgia, was chosen second vice president of the Southern States Commissioners of Agriculture at the election held in this city. The body has had a most successful session and one that is expected to result in much practical benefit, not only to the officers who attended, but to th estates they represent. Commissioner Hudson has been among the most active workers at the convention.

Celebrate Signing of Treaty.

Seoul, Nov. 27.—Marquis Ito was given a garden party today in celebration of the Japanese-Korean protectorate treaties. A garden on the hill at the Japanese concession was specially extended for the occasion, where Marquis Ito was received by the diplomatic corps at Seoul Japanese and high officials, leading foreign residents and leading Japanese and Koreans of Seoul and Chemulpo. It is reported that Marquis Ito will leave Seoul within a few days.

TURNER ATTACKS GOVERNMENT

Leading Negro Bishop Says This Is No Place for His Race.

Chicago, Nov. 27.—A dispatch to the Tribune from Macon, Ga. says:

Bishop Henry M. Turner, the leading bishop in the African-Methodist church, made an impassioned attack upon the government and the United States supreme court in his annual address yesterday to the Macon conference.

"I am not pleased with this nation," declared Bishop Turner. "No man hates this nation more than I do. When I go to say my prayers, I have a struggle to get to the place where I am willing for God to allow the United States supreme court to have a part in my prayer. That Damnable institution has robbed the negro of every vestige of human or manhood's rights. The men who compose that body may get to heaven the best way they can, but it is little help God will grant for any request that I make.

"The negro will not be anything in this country but a scullion until he shows his manhood. Go to Africa and build up a great nation that will command the respect of the civilized world."

Bishop Turner, after a bitter arraignment of the Rev. Thomas Dixon, for his writings and speeches against the negro, offered Mr. Dixon $500 to meet him on "any platform in the United States" in joint debate o fthe negro question.

SAILORS HAVE NARROW ESCAPE.

Were Shipwrecked on Solomon Islands and Were Attacked by Natives.

Victoria, B. C., Nov. 27.—Details of the loss of the American ship Susquehanna, bound from New Caledonia to Delaware breakwater, and abandoned in a sinking condition off Solomon Islands, show that some of Captain Watt's crew had a narrow escape from massacre by blacks on the Solomons because of a belief that an ex-chief whose home was occupied by the shipwrecked Americans, had died because of their presence.

Mrs. Elwell, an American lady, who was a passenger with her husband, suffered privations with the seamen and was much admired for her pluck. The mates and boat landed at Santa Ana, where the blacks were menacing.

The day following the arrival of the shipwrecked men the exchief died and his son blamed his death to the presence of the sailors in the hut. They moved to another hut which was attacked by by the natives and they escaped to their boat in the night.

Next day they were picked up by the trading schooner Aola and taken to San Christobal, where the other shipwrecked seamen were found.

Exchange of Ratified Treaties.

Washington, Nov. 27.—The exchange of the ratified treaties of peace between Japan and Russia will take place at 4 o'clock this afternoon at the state department. The ceremony will be simple. Baron Rosen will make the exchange on behalf of Russia and Minister Takahira on behalf of Japan. No speeches will be made. The copies to be exchanged have been in Washington for some time. They are bound in plum-colored morocco covers and the seals of the respective nations are attached to them in a silver-gilded box, tied with ribbons of the same color as the covers.

Courtmartial in Progress.

Annapolis, Md., Nov. 27.—The courtmartial which is trying Midshipman Minor Merriwether, for manslaughter, in causing the death of Midshipman James R. Branch, in a fight between the two, continued its third session this morning. The sessions were transferred from the temporary recitation hall to the club room in the officers mess hall. There is very much more room here. The prosecution expects to close its case early today with the testimony of one or two minor witnesses. The defense will then proceed with its case immediately

Lake Steamer Ashore.

Holland, Mich., Nov. 27.—The steamer Argo, which was wrecked in yesterday's terrific storm is high on the beach today. The night was spent on board by Captain Stewart and several members of the crew. It cannot yet be determined how badly the Argo is damaged.

POWERS WILL MAKE A DEMONSTRATION

International Fleet Sails Under Sealed Orders.

NO SIGNS OF AN UPRISING YET

The Powers Believe that the Sultan of Turkey Is Putting Up a Huge Bluff, and They Send Warships to Turkish Waters.

Athens, Nov. 27.—The international fleet assembled at Piereus for the purpose of making a naval demonstration against Turkey in support of the demands of the powers for the financial control of Macedonia sailed at noon today under sealed orders.

British and French torpedo boats were left behind to keep up communication with the fleet.

All Quiet at Constantinople.

Constantinople, via Sofia, Bulgaria, Nov. 27.—The ambassadors of the powers at a conference decided to proceed with the naval demonstration, as the best policy to the porte's note. There is absolutely no signs about the Mussulmans of Constantinople that they are in the least way disturbed concerning the question of the financial control of Macedonia. The vast majority are not aware that such a question exists. The aspect of the city is perfectly normal and there appears to be no chance of an anti-Christian movement unless the word is given from high quarters.

It is persistently reported but not yet confirmed that the Strand Vizier Ferd Pasha has been dismissed and replaced by Abidin Pasha, governor general of the archipelago. As the acceptance of the demands of the powers requires scapegoats there is a disposition in some quarters to credit the report as being the precursor of the abandonment by the porte of its present attitude.

Following the precedent which he set when the Russian fleet made a demonstration off the coast of Inlada in 1903, the sultan has charged Vice Admiral Husni Pasha, who left Constantinople Nov. 23 on a special steamer for the Dardanelles, among his other duties to welcome the international fleet with presents of fruit, candies and cigarettes.

Germans Make Denial.

Berlin, Nov. 27.—The foreign office emphatically denies that Turkey's attitude is due to German influences. So far from this being true, it is said that the sultan is actually angry at Germany because the foreign office has repeatedly advised him to accept the powers' demands.

Old Hickory Inn Destroyed.

South Orange, N. J., Nov. 27.—The Old Hickory inn, which Theodore Roosevelt frequently visited when it was a private house, was destroyed by fire yesterday. The loss on the building was $30,000 and the contents, many thousands of dollars in addition. The house was built about 40 years ago by Mrs. C. V. S. Roosevelt, an aunt of the president. It stood upon a large estate in Maplewood, and was, in its day, one of the finest places in northern New Jersey. When he visited his aunt young Theodore Roosevelt occupied a room in the northeast wing, which has since been shown to visitors.

Educators Elect Their Officers.

Nashville, Nov. 27.—The following officers of the Southern Educational association for the ensuing year have been elected: President, J. W. Abercrombie, Montgomery, Ala.; first vice president, S. A. Mynders; second vice president, H. L. Smith, Davidson college, Davidson, N. C.; third vice president, J. W. Kuykendall, Fort Smith, Ark.; secretary, R. J. Tighe, Asheville; treasurer, H. P. Burns, Atlanta.

Dowie's Son in New York.

New York, Nov. 27.—Alexander Jno. Gladstone Dowie, son of the self styled Elijah II, is in town. He is stopping at the Fifth Avenue hotel. His business in New York is to await the arrival of Elijah II, who is on his way from Havana. He would not be interviewed last night.

THIRD WEEK OF CIRCUIT COURT

Many Cases Were Disposed of Monday by Nol Prosse.

SAVED THE COUNTY EXPENSE

These Cases Were for Doing Business Without a License, and Upon Payment of Costs in Each Case—One Murder Case Nol Prossed.

The circuit court convened for the third week at 9 o'clock Monday morning, His Honor Judge Wills presiding.

The sheriff returned the venire of jurors summoned, and the following jury was sworn and empanelled for the week:

J. W. English, J. V. Fralick, G. D. Bethea, J. L. Chesser, C. C. Fletcher, W. W. Avera, J. M. Mason, Alex Howe, J. A. McKinstry, Alex. Avera, E. Baird and D. A. Robertson.

A large number of parties were arraigned upon a charge of doing business without a license, but were nol prossed upon payment of the costs, thus saving the time and expense of trying these cases before the court.

In the case of the State vs. Chas. Wikler, charged with murder, case nol prossed for good and sufficient cause.

The following cases came before the court:

State vs. James Henry, murder. Prisoner was brought into open court, arraigned and pleaded not guilty.

State vs. Dorsey Holmes, selling liquor in a dry county. Prisoner arraigned and pleaded not guilty. Jury sworn and case went to trial. Verdict returned of guilty.

State vs. Charley Roberts, selling liquor in a dry county, two counts. Prisoner arraigned and pleaded not guilty. Jury sworn and case tried, with verdict of guilty in both counts.

State vs. Julius Washington, selling liquor in a dry county. Prisoner arraigned and pleaded not guilty. Jury sworn and case went to trial, but after part of the evidence was taken case nol prossed, as it was seen there was not sufficient evidence to convict the defendant.

The negro, James Henry, charged with murder, is represented by able counsel, Ex-Lieutenant James H. Tillman of Edgefield, S. C., and Attorney Robert E. Davis of this city having been employed to defend him.

There being no further business before the court, an adjournment was ordered until 9 o'clock Tuesday morning.

From present indications the court will continue until the latter part of next week, as a large number of cases are yet to be disposed of.

DEATH OF AGED LADY.

Mrs. Maria Parrish Passed Away at Her Home Near Hague Sunday.

Mrs. Maria Parrish, mother of P. A. Parrish, died at her home near Hague Sunday of old age.

In the death of this noble character Alachua county loses probably its most aged resident. She was nearly a century old, and has lived in Alachua county for half a century. One interesting feature of her life was the fact that she was a school girl about fourteen years of age in Augusta, Ga., when General LaFayette, the famous French general, paid his last visit to the United States, and was present at the reception tendered that distinguished soldier and statesman in Augusta, Ga., also witnessing the military parade upon that occasion. This was in the year 1825, and she remembered the incident distinctly up to the time of her death.

The deceased was a devout Christian, a member of the Baptist Church. She was buried in the Hatchet Creek cemetery Monday afternoon, and the funeral was largely attended.

The Sun extends sympathy to the bereaved relatives.

Funeral of Carl Bruton.

The funeral of Carl Bruton, the young man who died Saturday, was held from the residence, Southwest Gainesville, at 10 o'clock Sunday morning, Rev. S. B. Rogers of the First Baptist Church officiating. The interment was in Evergreen cemetery, and a large number of sorrowing friends accompanied the remains to their last resting-place.

HEAD SOLID SORE

Awful Suffering of Baby and Sleepless Nights of Mother.

CURED BY CUTICURA

Skin Fair as a Lily with no Scar to Recall Awful Sore Writes Mother.

"I herewith write out in full the beginning and end of that terrible disease eczema," says Mrs. Wm. Ryer, Elk River, Minn., "which caused my babe untold suffering and myself many sleepless nights. My babe was born seemingly a fair, healthy child, but when she was three weeks old a swelling appeared on the back of her head, and in course of time broke. It did not heal but grew worse, and the sore spread from the size of a dime to that of a dollar. I used all kinds of remedies that I could think of, but nothing seemed to help; in fact, it grew worse. Her hair fell out where the sore was, and I feared it would never grow again. It continued until my aged father came on a visit, and when he saw the baby he told me to get Cuticura Soap and Ointment right away.

"To please him I did so, and to my surprise by their use the sore began to heal over, the hair grew over it, and to-day she has a nice head of hair, her skin is as fair as a lily, and she has no scar left to recall that awful sore, and it is over eight months and no sign of its returning."

CURE PERMANENT

"Your letter of the 19th inst. received, asking in regard to the cure of my baby some six years ago. Well, the disease has never returned to her head which at that time was a solid sore on top and down the back."

MRS. WM. RYER, Elk River, Minn. Feb. 25, 1903.

COTTON GROWERS.

Call For a General Organization in All Cotton States.

The Sea Island cotton growers of Georgia and Florida met in convention at Valdosta, Ga., on November 23rd, and perfected a permanent organization as a branch of the Southern Cotton Growers' Association.

In order to thoroughly perfect district and county organizations of growers of Sea Island cotton it is urged that local meetings be held in each of the militia districts in Georgia and voting precincts in Florida on the first Saturday in December, for the purpose of electing from two to five delegates in each district or precinct to attend the county meetings to be held at all county seats or other convenient place in said county, on the second Saturday in December for the purpose of perfecting county organizations.

It is highly important that these meetings be held as called for, in order that the Sea Island Cotton Association may be fully perfected at the earliest possible date.

All county organizations that are perfected on the second Saturday in December should promptly notify F. G. Schell, Secretary Sea Island Cotton Growers' Association, Lake Butler, Fla., with full list of officers elected and the names and postoffice addresses of all members enrolled.

Constitutions, by-laws and other literature will be furnished upon application to secretary or president of the association.

Osteen at Micanopy, are spending considerable money in improving the place, and have already constructed ten neat and substantial houses to be occupied by employes. They propose to make the place one of the most attractive and up-to-date of its kind in the State and will work to that end.

Best Liniment on Earth.

Henry D. Baldwin, Superintendent City Waterworks, Shullsburg, Wis., writes: "I have tried many kinds of liniments, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and $1. Sold by W. W. Johnson.

Spoke in Ocala.

Christopher Matheson left Monday for Ocala, where he was invited to deliver an address at the temperance rally Monday night. The wet or dry campaign closed in Marion county with this meeting, and the election will be pulled off today. Both sides are claiming victory, but it is estimated that the vote will be very close either way.

CATARRH THE PLAGUE OF WINTER

Every Catarrh sufferer dreads the return of cold weather, for at the first cold breath of the season this plague of Winter is fanned into life with all its miserable symptoms. The nostrils are stopped up, and a constant dropping of mucus back into the throat keeps up a continual hawking and spitting, the patient has dull headaches, ringing noises in the ears and a half sick, depressed feeling all the time. Every inner lining and tissue of the body becomes inflamed, and secretes an unhealthy matter which is absorbed into the blood and distributed to all parts of the body, and the disease becomes constitutional. The catarrhal poison brings on stomach troubles, affects the Kidneys and Bladder, attacks the soft bones of the throat and head and if not checked leads to Consumption. A disease so deep-seated and dangerous cannot be washed out, neither can it be smoked away. Sprays, washes, inhalations, etc., are useless, because they only reach the membranes and tissues, while the real cause of the disease is in the blood. S. S. S. cures Catarrh because it attacks it through the blood; it goes into the circulation and drives out all unhealthy accumulations and catarrhal matter, and when this is done every part of the system receives a supply of rich, pure blood. Then the inflamed membranes and tissues heal, all discharge ceases, the depressed feeling of the body is relieved, and every symptom passes away. S. S. S. goes to the very root of the trouble, and by purifying and enriching the blood and building up the entire system, cures Catarrh permanently. If you have Catarrh do not waste time with local remedies, but begin S. S. S. and write for our book and any medical advice without charge.

NEWS OF CITY AND COUNTY CONDENSED

S. V. Duke has gone to Dunnellon on business.

J. J. Hicks of Waldo was among the visitors to Gainesville yesterday, and while here called and renewed the subscription of one of our old, time-honored subscribers, P. W. W. Sparkman, of that place.

George C. Snowden of Orange Heights was in the city yesterday. He was accompanied by his brothers, W. A. Snowden of Micanopy and J. M. Snowden of Plant City, who were en route to their respective homes from a visit to Orange Heights.

The Atlantic Coast Line offers a rate, Gainesville to Tampa and return, account Florida State Fair, of $4.75, tickets on sale from the 13th, good to return after the fair. Train leaves Gainesville at 12:15 p. m., daily. See J. A. Goodwin, ticket agent, for particulars.

After several days spent in this city, Hon. Wm. M. Holloway, State Superintendent of Public Instruction, left yesterday for Tallahassee. Prof. Holloway claims Gainesville as his home, and has hundreds of friends and supporters in this section, as has been demonstrated on various occasions.

We are in a position to furnish first-class bean, cuke and lettuce hampers, also cabbage and canatloupe crates promptly at reasonable prices, and guarantee prompt shipment on all contracts. Ship on either A. C. L. or S. A. L. railroads. Williston Manufacturing Co, Williston, Fla. dawtf.

A. V. Ellis of Bland was a visitor to Gainesville yesterday and called to order The Sun continued to his address for another year. Mr. Ellis formerly called Santa Fe his home, but it being more convenient for him to receive his mail from the Bland postoffice, has adopted the name of that place as his base of operations.

B. B. Hopson has returned to this city after spending a few days in Fort White and vicinity in the interests of the Georgia Life Insurance Company, of which he is district manager. He was accompanied by Mrs. Hopson, who is now making her home at High Springs. Her numerous friends here are delighted to see her again.

C. A. W. Thomas of the Singer Sewing Machine Company has returned from points in the West End, where he has been in the interests of his employers. Friends of Mr. Thomas will sympathize with him in the loss of his horse, "Billy," which expired at Willeford Friday night. "Billy" was twelve years of age, and has been a faithful animal.

W. J. Jones of Sampson City, member of the firm of Venable & Jones, manufacturers of naval stores, was transacting business in this city yesterday. This firm owns 30,000 acres of finely timbered land in the vicinity of Sampson City. They now have seventeen "crops," or 170,000 boxes, but expect to cut twenty more within the next few months.

The congregation of the First Presbyterian Church were delighted Sunday to hear a sermon from their former pastor, Rev. E. W. Way, who is now located at Dalton, Ga. Mr. Way demonstrated the fact he has lost none of that forceful eloquence he possessed here and his discourse was full of interest from beginning to end. He expects to return to his home today.

Mr. and Mrs. L. L. Sandborn and daughter, Miss Helen, arrived in the city Sunday from their summer home at Appleton, Wis., accompanied by Mrs. Mary Sweetzer and Mrs. F. E. Renner and son, Elmer. They were delayed by an accident on the Southern in Georgia, but their train was not in it. The latter three of the party expect to spend the winter here. The Sandborns are pleased to get back again, and report pretty cold weather in Wisconsin.

The sermons of Dr. Strouse at Kavanaugh Methodist Church on Sunday morning and evening were both very fine and impressive. In the morning he preached to children and parents one of the best sermons we ever heard on "The Religious Training of Children." The evening discourse was from the text: "Come let us reason together." There were large congregations at both services. Dr. Strouse will preach every night this week at 7:30 o'clock and in the afternoon at 3 o'clock. All are invited to attend.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

THE OLD WAY AND THE NEW

Some Important Facts Which May Prove Helpful.

Thirty years ago old-fashioned cod liver oil had to be forced down a patient's throat. Invalids couldn't take it and children wouldn't. But the doctors prescribed it, and it had to be taken by force. Yet when enough could be taken into the system it was beneficial, for it has ever been the greatest of all tissue builders and general reconstructors known to medicine.

We are now anxious to have everyone know that Vinol is a new form of this very old and valuable remedy, cod liver oil. It contains in a concentrated form all the medicinal elements of cod liver oil actually taken from fresh cods' livers, but by a new process it is made without oil or grease, and it is as delicious to the taste as a fresh orange.

Vinol does not upset the stomach like old-fashioned cod liver oil and emulsions. Its strengthening and healing properties are remarkable, and both doctors and patients are delighted with its action.

Many wonderful cures right here in Gainesville have been effected by its use, and we ask all of our customers to try Vinol on our guarantee to return money every time it fails to make rich, red blood, increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, run-down, tired and debilitated, or cure chronic colds, hacking coughs or bronchitis. W. M. Johnson, Druggist.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Death of Walter A. Davis.

Friends in this city of Walter M. Davis will regret to learn of the death of his eleven-year-old son, Walter Ackerman Davis, which occurred at the home of his parents, Jacksonville, Saturday. The death was a particularly sad one, since the little fellow fell a victim of the bite of a mad dog, and died from hydrophobia. The funeral was held Sunday. Friends extend sincere sympathy to the bereaved parents.

PROMINENT VISITOR HERE.

Ex-Lieutenant Tillman of South Carolina Here Attending Court.

Among the prominent visitors to Gainesville this week is Hon. James H. Tillman of Edgefield, S. C., who is here for the purpose of defending James Henry, charged with murder. He is accompanied by his bright little nephew, George Tillman Bailey.

Few men in the Palmetto State are more widely known or more popular than James H Tillman, who has had the honor of serving his people in the high position of lieutenant-governor. He is a gentleman possessed of that hospitable Southern nature which is bound to make friends anywhere and any time. He is regarded as one of the ablest lawyers in his State, and speaks in a most interesting manner.

Col. Tillman paid Gainesville a visit in the spring, upon which occasion he made many friends. "I think Gainesville is one of the prettiest towns I have ever seen," he remarked in the lobby of the Brown House to a party of friends Monday night. "I so much admire your broad, beautiful avenues and streets, and your grand, stately old oaks, some of which must have been here for ages. I note, also, a big improvement in the building up of your town, which alone is ample evidence of the thrift and energy of your people."

Col. Tillman has associated with him in the case referred to Attorney Robert E. Davis of this city and it is needless to add that it is a good team.

A Live Wire

Every nerve is a live wire connecting some part of the body with the brain. They are so numerous that if you penetrate the skin with the point of a needle you will touch a nerve and receive a shock—pain it is called. Aches and pains come from a pressure, strain or injury to a nerve; the more prominent the nerve the greater the pain. When the pain comes from a large nerve it is called

Neuralgia

whether it be the facial nerves, or the heart, stomach, sciatic or other prominent nerve branch. To stop pain, then, you must relieve the strain or pressure upon the nerves. Dr. Miles' Anti-Pain Pills do this.

"I suffered intense pain, caused by neuralgia. I doctored and used various medicines without getting relief until I began taking Dr. Miles' Anti-Pain Pills. They did me more good than all the medicines I ever used. They never fail to cure my headaches, and their use never leaves any bad after-effects."

MRS. WM. BECKMAN,
957 W. 4th St., Erie, Pa.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk.

OUR SPECIAL EDITION.

The Gainesville Sun is out with a magnificent industrial edition. In its descriptive references to Alachua county and Gainesville, The Sun has spared nothing. It is a most comprehensive paper and ought to be of advantage as a guide to the homeseeker.—Live Oak Daily Democrat.

The Industrial Edition of The Gainesville Sun is a credit to the publisher and to the town. It shows what the homeseekers may accomplish if they will settle in old Alachua. Alachua is first on the roll of Florida counties and does not yield precedence to any other in other respects.—Jacksonville Times-Union.

The Industrial Edition just published of The Gainesville Sun has made a striking hit as a fine piece of work in its write-up of the city, arrangement, typographical work and amount of advertising displayed. Nothing less could be expected of The Sun, but at the same time it is an output that adds still greater laurels to the journalistic brows of that paper's talented staff.—Gainesville Elevator.

The yellow fever epidemic at Pensacola is said to have cost the State $80,000.

It is expected the crisis in Turkey will be reached in a few days—Thursday at least.

The farmers of Hamilton county are quite enthusiastic over their cotton growers' association.

Some people are so distressingly straight and upright that it would be a relief if they were only a trifle crooked.

The man who praises himself may weary his hearers, but he gives them something to talk about after he has gone.

The army officers are objecting to the Philippine Islands because there is no society there. But the Moros appear to make them dance occasionally.

A man will squander $5 treating his friends in a saloon and then go home and scold his wife for buying the baby a pair of 98-cent shoes at a bargain sale.—Chicago News.

The life insurance companies have a severe punishment for officers caught grafting. They have to submit to a cut in salary. A drop of several thousand don't hurt very much.

Many people who have good memories have a very bad collection of other attributes. It does not follow that because a person can remember well that he is over-stocked intellectually.

A law that makes it difficult for a man to obtain drink so that he is without the stuff even a part of the time helps a little. He will buy something to eat so his family will fare better.

ALACHUA AT THE FAIR.

Hal P. Denton, in The Tampa Tribune, pays the following compliment to Alachua county's exhibit at the State Fair:

"One of the substantial, as well as one of the most attractive exhibits at the State Fair is that made by the enterprising citizens of Alachua county. By reason of geographical position Alachua county comes within the cotton district of the South. The exhibits in cotton are among the best in the great industrial hall, and will unquestionably receive due recognition in the awarding of prizes.

"A practical demonstration of the ginning of cotton is given within the booth. An engine furnishes the power for the operation of a cotton gin. Ginning Sea Island cotton as it should be done is no easy task and not as simple as people generally suppose. To gin cotton clean and have it sample well is to have the work done on a machine that is as nearly perfect as possible.

"The machine that is on exhibition at the Fair is the result of the mechanical genius of a citizen of Gainesville, James Doig, who worked for years in fetching his invention to perfection. The fact that this cotton gin, every part of it, is manufactured in the city of Gainesville, makes it of peculiar interest to the people of Alachua county and the hundreds who have watched its operation.

"The exhibits of cotton raised within the borders of the county are made by C. C. Williams, J. G. Dampier, W. L. Clinton and Edward K. Anderson. The bale exhibited by Mr. Anderson, who hails from High Springs, is conceded by everyone who is interested in the production of cotton to be among the best that has ever been exhibited in the State.

"The thriving city of Gainesville prides itself that it is a manufacturing city as well as being in the center of a county that produces fruit and vegetables. Alachua county suffered from the big freeze of a few years ago, and the growth of citrus products was naturally retarded. The farmers and fruit growers were undaunted, and their display is a very creditable one and worthy of particular attention.

"Persons in full enjoyment of health are naturally not interested in such a gruesome exhibit as that made by the Gainesville Planing and Coffin Company, but those who realize that 'in the midst of life we are in death,' and who appreciate how important it is to properly dispose of the dead, will see an exhibit of caskets that are of the best make in the country. The products of this company are shipped to every part of the United States.

"Sugar cane goes to make up one of the most interesting features of the Alachua county exhibit. There are many fine specimens of ribbon cane, white cane and Japanese cane. The collection was made by the leading farmers and growers of the county.

"Corn, oats, peanuts, chestnuts, hickorynuts and pecans make up another fine exhibit. The school board of Gainesville made an offer of a paid trip to the State Fair to the boy who made the largest collection of native woods. Master Tom Doke collected seventy-nine varieties and received the prize.

"In a geological way nature has been very kind to Alachua county. In vast quantities are found rocks that may be used for paving purposes. This material is sent to different parts of the country and is one of the leading industries. The exhibit shows the material in different varieties.

"Turpentine and rosin, which are produced in large quantities, make up the naval stores exhibit. The Golden Rule Bottling Works of Gainesville has an interesting display of ginger ale and other soft drinks that are prepared by it for the trade.

"W. C. Smith of Tacoma has brought to the State Fair a gross of jars of guava jelly, giving a fair idea of the extent of that industry. The Gainesville Nurseries, represented by Mr. Graves, its president, has a dozen or more pecan trees in bud.

"Alachua county produces a great amount of fertilizers and the Standard Fertilizer Company, of which Bunch & Wood are proprietors, has an excellent exhibit of this material, which is always in demand by progressive farmers.

"One part of the booth is devoted to a display of hay, crab grass, velvet beans and fodder, hay, rice, oats in sheaf, rye, corn in the ear and other similar products that are essential to the feeding of stock.

"Major John W. Tench is the commissioner from Alachua county. He was here in the early part of the Fair and worked early and late in getting the products of his county in shape for exhibition. He has been ably assisted by Hon. C. C Pedrick, Mr. Graves, Mr. Bunch, Mr. Carter and others from the county who are attending the great exposition. Mr. Tench was summoned to Gainesville yesterday morning as a witness in the famous Sheats-Holloway case which is being heard before the court. During his absence the booth is in charge of his estimable wife, who is doing everything possible to make the visitors happy.

"There is one thing that the people of Gainesville and Alachua county are proud of and that is the water that is taken from the well known Boulware Springs. These springs supply the city with water and there is a demand for it from other parts of the country because of its healthful mineral qualities. Twenty barrels of it were shipped to Tampa and it is dispensed within the booth.

"The resting-room is one of the pleasantest in the Industrial Hall. There are chairs and divans. A talented pianist dispenses good music and everyone is made to feel at home. About the walls are photographs of the homes of the leading citizens. The people of the county may well be proud of the prosperity that is evidenced by the exhibit. That the visitors to the Fair appreciate the interest taken in making the success is evidenced by the fact that 8,000 names grace the register that is kept."

The severe cold weather in the North, which appeared quite early this season, has been the means of starting many people South, and they are all glad they have come, for the beautiful weather of the fall season has shown many that our climate is most delightful at this season. The weather on Sunday was as balmy as a perfect summer day, the air pure, with a gentle shower to lay the dust. The showers in Florida make it most agreeable for all, and there is never a time when the dust is half so annoying as in other winter resort countries. Perfect days, cool nights and frequent showers make Florida healthy, and those who are shouting about "malaria" don't know what they are talking about.

PAINFUL PERIODS

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that menstruation is the balance wheel of a woman's life, and while no woman is entirely free from periodical suffering, it is not the plan of nature that women should suffer so severely.

Miss Irene Crosby

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Miss Irene Crosby, of 313 Charlton Street East Savannah, Ga., writes:

"Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful menstruation when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

TURKEYS PLENTIFUL IN GOTHAM

Fine Display of Fowls Which Will Prevent a "Corner."

New York, Nov. 27.—There is a flood of turkeys pouring into the market for Thanksgiving trade and large shipments still on the way promise to prevent a "corner."

Never did the New York market present a larger or finer display of turkeys, the week before Thanksgiving day than is does now, and prices are, three to five cents a pound less than they have been in four years. In the one and a half million pounds of poultry that came to Manhattan yesterday there were about 100,000 turkeys and about as many can be expected each day from now until next Thursday.

Dealers were paying 18 cents for the best dry picked selected turkeys yesterday, and these were sold to consumers for 25 per pound.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

Lawson Holds Many Proxies.

Boston, Nov. 27.—Thomas W. Lawson said last night that he received so many proxies that his control of both the New York Life and the Mutual Life Insurance companies was absolute. Mr. Lawson says that Mr. Harriman is endeavoring to influence the employes of his railroads in the interest of insurance companies but the railway men's labor organizations are with him and, if necessary, he will make an issue of the matter. He gives no figures on his proxies received.

Constipation.

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes, Feb. 12, 1903: "Having used Herbine, I find it a fine medicine for constipation." 50c a bottle. Sold by W. M. Johnson.

THE NEWS FROM ARNO.

School Teacher Jumped His Job—Religious Matters—Local Events.

Arno, Nov. 25.—Our people are in great distress about our school. They have been treated very wrongfully by the teacher. They had made a contract through the County School Board with Prof. DeLand for a term of eight months. When he had taught two months he got a better job and quit the school just as he had gotten everything in good working order and the children were doing remarkably well, and everybody was elated over the prospect of having the best school year of any for several years past. If the people had peremptorily discharged Prof. DeLand without a cause he could have collected his salary just the same. Was he not bound by the same contract? Has a teacher any more right to break his contract than anyone else? The people are criticising sharply the Alachua bank. We understand the bank sent a man to the school house and made Prof. DeLand a proposition of a better job, and told him he must accept it now or lose it forever. Has a bank or bank president or cashier any more rights than a "common" farmer? If one of our farmers goes to a neighbor and persuades a laborer to quit him by offering a better job, we are not only sharply criticised, but we are liable under the law to a penalty, if I am rightly informed. We have applied to Dr. Kelley, County Superintendent of Public Instruction, and also to Mr. Holloway, State Superintendent, for a teacher and neither of them know of any to be had. So the present prospect is that the school will have to close, and some of our children are at an age that they will suffer a wrong that eternity alone can reveal its extent.

The Harmony Association of the Baptist church, which was held at the Forest Grove church a few days back, while it was good, was disappointing to some as it was not so large and enthusiastic a body as should be expected from the great Harmony Association.

The Forest Grove people are well pleased with their new pastor, Prof. Allen, and they cordially invite their friends to come on the second Sunday in each month and assure them that they will hear something worth coming to hear.

Mrs. W. N. Gramling of High Springs called on Mrs. Henderson yesterday.

Capt. T. H. Willard contemplates moving to High Springs at an early day. We regret very much to give him up as he is one of our most intelligent and progressive citizens.

Several of our citizens have been attending the evangelistic meetings being held in the Methodist church at High Springs by Rev. Marvin Culpepper. He is a very earnest and forcible speaker.

Cane grindings are the order of the day in this community at this time and they are certainly appreciated and enjoyed by all, especially the young people.

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," say R. Keep Your Head Clear

And your stomach free from Indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances is by far much more palatable.

CONVICTS KILL TWO OFFICERS.

Use Pistols and Nitroglycerin in Trying to Escape.

Jefferson City, Mo., Nov. 27.—In a desperate attempt to escape from the state penitentiary here, five state convicts fought for freedom with weapons and nitroglycerine at the prison gate, killing two prison officers and wounding Deputy Warden See, and four men made a dash through the streets of Jefferson City under fire, only to be captured after two of the escaped men had been wounded.

Five prisoners, taking advantage of the absence of Warden Hall and six guards, who left today with 71 federal prisoners for Fort Leavenworth, Kans., attempted to escape, but only four left the prison after wrecking the gate.

Convicts Harry Vaughan, Charles Raymond, Hiram Blake, George Ryan and Eli Zeigler, who were working close inside the prison gate, having secured pistols and a bottle of nitro-glycerine, entered Deputy Warden R. E. See's office and shot him in the arm and the hip as he sat in a chair.

Georgia Leads in Pension List.

Raleigh, N. C., Nov. 27.—State Auditor Dixon wrote to every auditor in the south as to amounts paid to confederate pensioners and the number of pensioners. Replies are as follows: Texas, $500,000, 7,000 pensioners; Tennessee, $275,000, 3,000 pensioners; Louisiana, $15,000, 2,000 pensioners; Arkansas, $203,000, 7,000 pensioners; Georgia $790,000, 16,000 pensioners;; Florida, $233,000, 3,000 pensioners; South Carolina, $656,000, 15,000 pensioners; Mississippi, $250,000, 7,000 pensioners; Virginia, $300,000, 14,000 pensioners; North Carolina's appropriation is $275,000 to 14,000 pensioners. Auditor Dixon said: "In proportion to number of pensioners, North Carolina pays less than any other of the state."

When You Have a Bad Cold

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy.

You want a remedy that will counteract any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy meets all of these requirements and for the speedy and permanent cure of bad colds stands without a peer. For sale by all druggists.

Inauguration Cost $145,491.

Washington, Nov. 27.—To inaugurate Theodore Roosevelt president of the United States last March cost $145,491, a greater sum than was ever spent for any previous inauguration. The details of this cost were made public in a report by General John M. Wilson, the chairman of the inaugural committee. Notwithstanding the large expense, the committee has turned over a balance of $4,736 to the auditorium association, an organization formed to erect a building in which to hold future inaugural balls.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and $1.00; guaranteed at all drug stores. Trial bottles free.

Excitement at Church Conference.

Hawkinsville, Ga., Nov. 27.—Rev. J. H. Mather, pastor of the First Methodist church here, was called a liar by E. D. Richardson, formerly a steward in the same church. The affair caused quite a sensation, ocurring as it did during the session of the quarterly conference. Rev. G. B. Johnston, presiding elder of the South Macon district, was in the chair during the time E. D. Richardson, a steward, called Rev. J. H. Mather a liar. The affair was caused by the dropping of the name of Mr. Richardson from the roll of stewards of the church.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

Forger Pleads Guilty.

Peoria, Ills., Nov. 27.—Newton C. Dougherty, formerly banker and president of the board of education appeared before Judge Worthington today, pleaded guilty to five of the forgery charges against him an was given a sentence of from one to fourteen years on each of the five counts of the indictment, the same to be concurrent. He will be taken to Joliet penitentiary tonight or tomorrow.

Herb W. Edwards Injured.

Herb W. Edwards of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. COTTON MARKET GOES UPWARD.

Staple at New Orleans Make Considerable Advance.

New Orleans, La., Nov. 27—The cotton market took a spurt upwards during the last hour of the trading, closing 18 to 20 points higher than yesterday.

The opening was a few points higher than yesterday's closing, but the prices in the early trading sagged off a few points lower than yesterday's finals before the upward flight began.

There was an effort of the shorts to cover at the week end, not caring to hold their contracts over into next week, and the professional bulls and the outsiders began at the same time to add to their long lines, sending up the quotations with a rush and a bang that made the bears look dizzy.

December closed 18 points higher at 11.85; and May 20 points higher at 12.01. July closed considerably above 12 cents, and for the first time the distant positions have been carried over from one week to another at this high level during the present season.

Sales of spot were only 1,000 bales at unchanged prices. The New Orleans market is now 31 to 34 points higher than the New York market, although nominally at least 7 points lower.

MAN CHARGED WITH CRIME.

Claimed He Killed Wife and Five Children—Declares He is Innocent.

Independence, Iowa, Nov. 27.—Mrs. William McWilliams and her five children, ranging from 3 to 18 years in age, were slain at their farm home and the husband and father was arrested in Independent charged with killing the members of his family. He declares himself to be innocent. Each person had been killed with a hammer blow on the head. Mrs. McWilliams was atrociously beaten, and a few knife thrusts had been inflicted on the crushed body.

In the woman's rigid arms lay the corpse of the 3-year-old baby, its hood, coat and mittens on and a piece of buttered bread in one hand. The baby had been killed by one blow of a hammer on the head.

The other children lay about the house, dressed in working clothes.

It is thought that the mother and baby were killed first and that then the children had been called into the house, one at a time, and struck down with the hammer. There was little evidence of a struggle.

To Change Courtmartial Laws.

Washington, Nov. 25.—The necessity for a change in the law providing for the summary courtmartials in the navy will again be urged upon congress at its next session. Considerable reform in this direction has already been accomplished by the scale of punishments which has been drawn up in the office of the judge advocate of the army. This scale has served to guide summary courts as to the proper degree of punishment to be produced for minor offenses. But there is greater improvement sought which can only be obtained by legislation, namely, the creation of an officer court for the trial of minor offenses.

Explorer's Ship Still Intact.

San Francisco, Nov. 27.—Henry Bull, the Norwegian consul at this port, is in receipt of information relative to the Amundsen Arctic expedition which convinces him that the report from Dundee, Scotland, hat the exploration ship Gjoa has been crushed in the ice at Boothia Felix is erroneous. The Dundee report was received from Dalmaux. Consul Lund has information directly from Captain Amundsen in the form of letter, which go to show that the expedition passed the winter of Boothia Felix, where the disaster is reported to have taken place three months ago, in safety.

To Hold National Conference.

New York, Nov. 27.—Chicago and New York political reform organizations have agreed to promote a national conference of such organizations throughout the country according to announcement made by the citizens' union of New York. The announcement stated that the municipal voters' league of Chicago had written inviting the citizens' league to assist in calling the union together some time during next January. The citizens' union replied that it would co-operate and that January appeared to be the opportune time for the conference.

Well Known Actor Drops Dead.

Missoula, Mont., Nov. 25.—Daniel H. Bandmann, a Shakespearean actor of note and one of the best known residents of Montana, dropped dead at his ranch near here last night of heart failure, superinduced by acute indigestion. He was 66 years old and was born in Cassel, Germany. He leaves a widow and family.

Terrific Storm on Lake Michigan.

Holland, Mich., Nov. 25.—During a terrific storm on Lake Michigan lasst night, the passenger steamer Argos, of the Graham and Morton passenger fleet, which left Chicago last night went hard aground on a sand bar to the north of North pier and all efforts to release her have, up to this time been futile. The boat carriers a crew of 22 men and has thirty passengers board. The boat is in great danger of being pounded to pieces. Owing to the heavy sea and inability of the life-saving crew to reach the vessel, and the captain and the crew will probably be taken off in the breeches buoy.

Will Not Join Federation.

Birmingham, Ala., Nov. 25.—The Alabama Federation of Women's clubs, in session here today, voted down by one vote a resolution providing for joining the general federation of women's clubs. The admission of negro delegates at the Milwaukee meeting of the general federation figured prominently in the discussions. There seemed to be a sentiment among the Alabama club women favoring the formation of a gulf states federation.

August Belmont Made Treasurer.

French Lick Springs, Ind., Nov. 25.—Thomas Taggart, chairman of the Democratic national committee, today appointed August Belmont, of New York, as treasurer of the commission to succeed George Foster Peabody, who, it is stated, resigned on account of sickness.

No Poison in Chamberlain's Cough Remedy.

From Napier (New Zealand) Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

Just as Well.

Bright sayings are often to be heard in the courts, and they enliven a dull and tiresome day.

At one time Sergeant Manning, a very nervous man, was arguing a case before the judges of the common pleas. He had a large number of books before him, almost enough to constitute a library. While he was reading the report of one of the cases a number of books tumbled off the table in front of him.

"My lords," said the sergeant nervously, "it is reported in two other books in these exact words."

"Are you sure," asked Justice Maule, "that it is exactly the same?"

"Certainly, my lords," replied Manning earnestly.

"Well, then," said Justice Maule gravely, "why hunt for the other books? Read the same case again out of the one you have in your hand."

Manning saw the point, and when the merriment caused by the justice's suggestion had subsided he proceeded with his argument without further search for the much quoted case.

Worm Destroyer.

White's Cream Vermifuge not only kills worms, but removes the mucous and slime in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist. Sold by W. M. Johnson.

The Old Man of the Mountain.

The title "Old Man of the Mountain" was first applied to Hassan Ben Sabbah, chief of a Mohammedan sect who founded a formidable dynasty in Syria, A. D. 1090. Banished from his country, he took up his abode on Mount Lebanon, gathered a band of followers and soon became the terror of Jews, Christians and Turks. They all obeyed his orders implicitly in the belief that they would receive choice rewards in the joys of paradise. These assassins, as his followers were called among themselves, rode roughshod over the country for about 200 years. Whenever their chief, the Old Man of the Mountain, thought himself injured, he sent a band of these men secretly to murder the offender, and it was from this that our word assassin originally took its meaning.

Friendship.

The plant of friendship grows only in the warm air of congeniality. Confidence binds its parts together and is the cohesive power of its nature, while sympathy is the life giving sap coursing through every fiber. It is an evergreen and is indigenous to all lands. Its most beautiful flowers open during the night, and, while a perennial bloomer, it is most fragrant in winter. Time cannot wither or destroy it; age but strengthens and develops.—C. S. Field.
